Dr. B. N. Gavade gives speech on Career opportunities

Simplified Matrix Organisation in the Pharmaceutical Industry

Project	Chemistry	Biotech	Pharm. Science	Quality Control
Project A	→	→	→	→
Project B	→	→	→	→
Project C	→	→	→	→
Project D	→	→	→	→
Project E	→	→	→	→

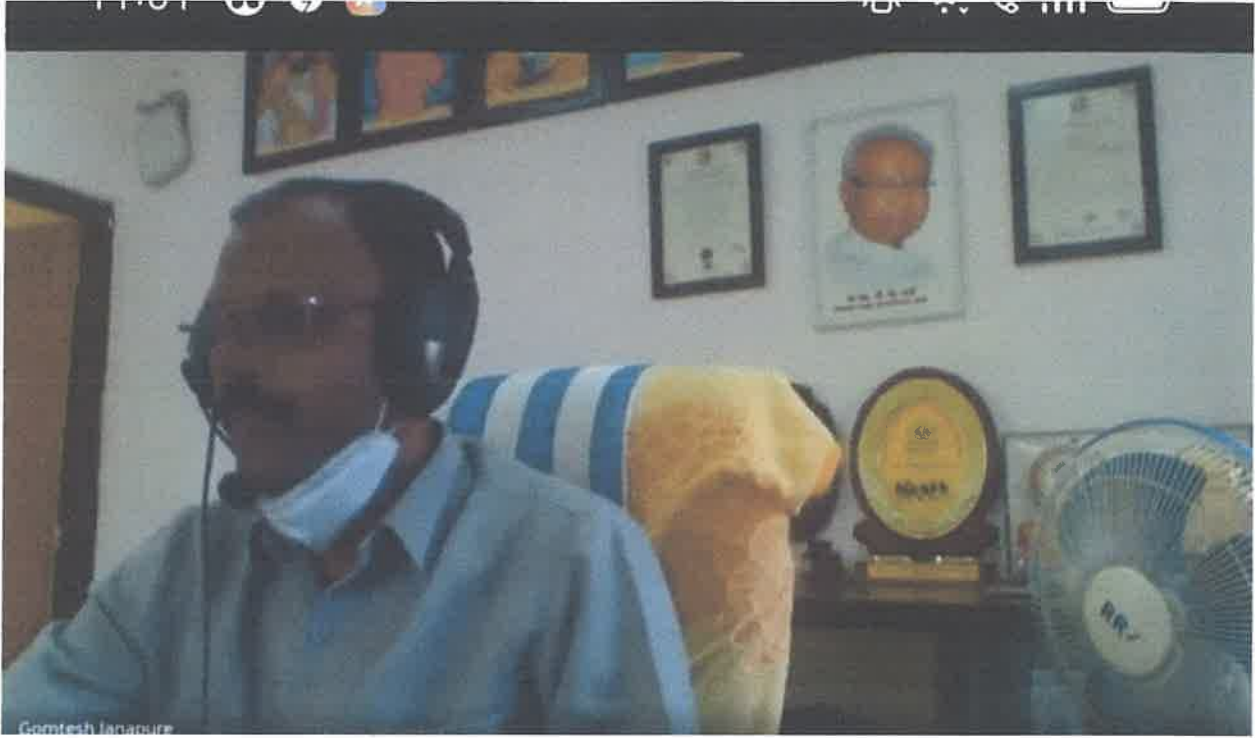

Why a matrix organisation?

- Pressure to share limited resources (people, scientific and technical expertise, equipment etc.)
- Company requires dual output (delivery of new products + development of new skills/technologies)
- Frequent external changes (uncertainty and lack of long-term stability)
