A brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. All necessary notices, university circular and necessary common information are shared on the group. Students have personal communication also as a mentor and a teacher we know the details of mentee students as their family back ground, financial status and career perspectives.

We provide career guidance and other co-curricular help commonly but individually we make direct approach to their personal family and financial problems. We provide personal help to needy and deserving students. We also support them by forwarding necessary study material other than syllabus.

This year 2022-23 out of 55, I could help 05 students solving their family problems and 10 students were given personal counseling.

A brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. All necessary notices, university circular and necessary common information are shared on the group. Students have personal communication also as a mentor and a teacher we know the details of mentee students as their family back ground, financial status and career perspectives.

We provide career guidance and other co-curricular help commonly but individually we make direct approach to their personal family and financial problems. We provide personal help to needy and deserving students. We also support them by forwarding necessary study material other than syllabus.

This year 2022-23 out of thirty seven, I could help five students paying for their exam fees, The books were presented to eight students and twenty four students were given personal counseling.

A Brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. A brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. All necessary notices, university circular and necessary common information are shared on the group. Students have personal communication also as a mentor and a teacher we know the details of mentee students as their family back ground, financial status and career perspectives.

We provide career guidance and other co-curricular help commonly but individually we make direct approach to their personal family and financial problems. We provide personal help to needy and deserving students .We also support them by forwarding necessary study material other than syllabus.

This year 2022-23 out of 137, I could help 01 students paying for their exam fees and 20 students were given personal counseling.

A brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. All necessary notices, university circular and necessary common information are shared on the group. Students have personal communication also as a mentor and a teacher we know the details of mentee students as their family back ground, financial status and career perspectives.

We provide career guidance and other co-curricular help commonly but individually we make direct approach to their personal family and financial problems. We provide personal help to needy and deserving students .We also support them by forwarding necessary study material other than syllabus.

This year 2022-23 out of 40, I could help 07 students paying for their exam fees and 18students were given personal counseling.

Mentor Mentee Mechanism
REPORT

As per the policy decided by IQAC class-wise mentees are allotted to mentors in the first year of UG program. 20 students from FYBA were allotted to me in the beginning of the academic year. All the students were first contacted telephonically. All mentee students were unaware of higher education and university patterns. They were guided accordingly. While filling examination forms, two of the mentees faced the problems of fees. These were helped and paid. Mr. Andhale Mohan Dattu invited me for tea at his home in Pokhari. There I had a talk with his parents regarding importance of higher education.

There were problems for the students with rural background to attend college regularly. Ms. Bhoze Prerana Sadashiv could not make her way to semester exam in time. I requested the invigilator to admit her in examination hall late by 10 minutes. At the end of the year, we got the feedback from all the mentees.

As a mentor I tried to convince the mentees to attend the college regularly as much as possible. Mentor Mentee mechanism proved fruitful in controlling the drop out.
