Our College is best for teaching and other activities

I have Great experience in this institute. One suggestion from my side is that reduced paper work, theory part and concrete on practical knowledge, no. of industrial visit, no. of workshops it's more beneficial to students for increasing their practical knowledge. 2) Need to improve placement, get more companies with higher packages. 3) Only improve the practical knowledge of the students, by making more industrial visit. Also make a one meeting with entrepreneurs in a month. 4) Satisfy with the teaching method of staff.

No observation ,good work,

Ask them to take a topic for self learning. Give them assignments that need a lot of research, reading and analytical skills. ask them to create a questionnaire from their syllabus.

1. The teaching is good teachers pays attention on every student and on their progress. 2 The facilities given in college are really good. 3 teachers always clears the doubt if it is asked.

Three observations or suggestions to improve overall teaching and learning experience in institution are: Use better graphics and visual media to engage students well. ... Try to reach every student and ask for their doubts. ... Make teaching a two way interaction.
