The emphasis here has been on the situation prevailing in India, though we have not been unduly in different about borrowing concepts and terms from similar studies undertaken in other parts of the world. You will thus find details on the historical evolution of Museology along with core definitions of Museology in this course. Museology services and operations, planning and policy, and marketing and communications form other Blocks of the course. Finally, we have also dealt with the geography and tourism and the relationship between cultural heritage and Museology development in this course.
