**Add On Course/Certificate Course in Constitution of India Report**  
**2022-23**

The Political Science department carries out various activities every year. It will have to include the Certificate/Add on Course. The main objective of this course is to impart the knowledge of the subject along with the regular subject knowledge to the students of the department. This year we started this course from dated 13/12/2022. Its detailed report is as follows.

This course is open to any student of Arts. In this course we include mainly Third year students in the department. For this, the College Development Committee and the IQAC department have fixed the admission capacity of thirty students. We have prepared this course for a total of 30 hours from 13th of December to 21th of February. A total of thirty students had participated in this course this year. In it we mainly teach What is Indian Constitution?, Human Rights and Research on Social Science, Indian Constitution and Present era, Career opportunity etc.

We took a 20 mark examination of all these students on 21th of February 2023 and based on that we tested the basic knowledge of the students and through this course we proved to the students how important Political Science is as the main subject. All the thirty students completed this course with good marks. Through this course, we teach students the importance of Indian Constitution and its overall contribution to Political Science, what is currently happening in Political Science writing, and other scientific research methods? This is the main purpose of this course.

In this way we successfully implemented this course in the year 2022-23. For this, the course coordinator of the Political Science department, Prof. R.E. Bharudkar worked hard. In order to make the course successful, Dr. P.G. Hambarde helps & time to time provided guidance and interaction with the new students.

In this way we try to impart knowledge in addition to the regular curriculum so that the students develop a love of Political Science. Through this course, students have a new enthusiasm and a different satisfaction of learning something new. This course is very important from a business point of view while studying Political Science at present. In this way the course was completed.

For your information, we are presenting the report of Add on Course/certificate Course in Constitution of India. Thank you.

Yours Faithfully,

## Add on Course Content (Syllabus) 2022-23

### Learning Latex

LaTeX, a document preparation system, is widely used for publishing in many scientific fields like mathematics, statistics, computer science, engineering, chemistry, physics, economics, linguistics, etc.. It is a powerful and open-source system that provides numerous facilities for automating typesetting of the document: i.e. structuring page layout, listing and auto-numbering of sections, tables, figures, generating a table of contents, managing cross-referencing, citing, and indexing.
