Student Mentoring Report 2016

A whatsapp group was made for all mentee students. Important notices, circulars, advertisements, write ups are circulated in the group for all. Poor and needy students are identified and they are provided with personal counselling and emotional support.

As a mentor I could make my way to the residence of some mentee students. I could easily understand the family situation and problems. Few mentee students showed their inability to pay for the examination fees. They were provided financial support secretly. It was strictly seen that all mentee students fill up examination forms and appear for exams.

A brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. All necessary notices, university circular and necessary common information are shared on the group. Students have personal communication also as a mentor and a teacher we know the details of mentee students as their family back ground, financial status and career perspectives.

We provide career guidance and other co-curricular help commonly but individually we make direct approach to their personal family and financial problems. We provide personal help to needy and deserving students. We also support them by forwarding necessary study material other than syllabus.

This year 2016-17 out of 43, I could help 15 students paying for their exam fees and 19 students were given personal counseling.

A brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. All necessary notices, university circular and necessary common information are shared on the group. Students have personal communication also as a mentor and a teacher we know the details of mentee students as their family back ground, financial status and career perspectives.

We provide career guidance and other co-curricular help commonly but individually we make direct approach to their personal family and financial problems. We provide personal help to needy and deserving students .We also support them by forwarding necessary study material other than syllabus.

This year 2016-17 out of 55, I could help 07 students paying for their exam fees and 18students were given personal counseling.
