Student Mentoring Cell

REPORT-2019-20

As per the guidelines of IQAC, all mentee students were brought together in the beginning of the academic year-2019-20. General notices, circulars and information was shared to all in common. Students were asked to share their experiences and to talk about the problems they face in college premises.

As a mentor I personally made an inquiry of mentee students individually. I also paid a visit to their residence at my own. Felt happy to visit their parents. Mentee students expressed their feelings and also talked about their career plans. Some poor and needy mentee students were helped financially by paying their exam fees. Very few could refund the fees. They were provided with study material.

- Total mentee: 34
- Visited residence: 10
- provided study material: 15
- provided financial help: 05

A brief Annual Report of Student Mentoring

As per the policy of the IQAC mentors were allotted certain students as mentee. In the beginning of the academic year we form what's app group of all mentee. All necessary notices, university circular and necessary common information are shared on the group. Students have personal communication also as a mentor and a teacher we know the details of mentee students as their family back ground, financial status and career perspectives.

We provide career guidance and other co-curricular help commonly but individually we make direct approach to their personal family and financial problems. We provide personal help to needy and deserving students. We also support them by forwarding necessary study material other than syllabus.

This year 2019-20 out of 34, I could help 14 students paying for their exam fees and 22 students were given personal counseling.
