Soil & Water PH Report

Year 2016-17

Report- Soil and Water testing activity in college is beneficial for the farmers, students and teacher in locality. Every year farmers in nearby villages, preferably the parents of our students approach the soil and water testing lab. After collection of the soil and water sample, the report is handed over to the concern farmers in two days.

As the soil and water testing service is provided in free of cost we get a good response from the farmers, students and teacher. PH value of soil and water is tested. Year wise report is prepared and maintained.
